

# GOOD SPORTS PROGRAM

## LEVEL 1

---

We are Australia's largest health initiative in community sport. We work with clubs at every level to set them up for success to create a healthier club environment.

Our three-step accreditation program is a simple game plan for improving the wellbeing of your club. From your rookie induction (level 1) to taking action (level 2), and planning for long-term success (level 3), our team will take you through the program step-by-step.

### LEVEL 1

Good Sports level 1 accreditation focuses on compliance with the relevant state or territory liquor laws. Taking this first step is important, it guarantees participating clubs are meeting all legal requirements and are taking responsibility for its members and the sale of alcohol.

By completing the Good Sports accreditation, you will not only see the benefits in the club, but also on the pitch, within local business and the community as a whole.

### WHAT'S IN LEVEL 1?
