

PRE SEASON CHECKLIST

Top tips for promoting Good Sports across your club.

As you prepare for the upcoming season, this is a great time to reinforce your club's commitment to the Good Sports program and ensure new committee members are familiar with the requirements to help your club be a safe place that promotes healthy behaviours.

Use this checklist to make sure Good Sports is a key agenda item at your next club meeting.

BEFORE THE MEETING

- Add a Good Sports agenda item to your clubs meeting agendas.
- In the first meeting of the upcoming season review your Good Sports accreditation.
- Check that your Smoking Management, Safe Transport and Alcohol Management policies are up to date.

DURING THE MEETING

- Confirm your club's Good Sports status and briefly discuss Good Sports benefits to attendees (available here: www.goodsports.com.au).
- Encourage all committee members to role model and promote healthy behaviours.
- Check if any policies need updating and allocate a committee member to complete.
- Check if a Responsible Service of Alcohol (RSA) course needs to be booked (if applicable) to make sure members have their RSA certification or an online course promoted to members.

- Remind current RSA accredited members to complete their refresher (if applicable, not required in some states).
- Nominate someone to update new committee members' details on the Good Sports portal for your club (see below for portal access information).
- Review your clubs liquor license (if applicable) to ensure it's current.

AFTER THE MEETING

- Update new committee members' contact details on the Good Sports portal (call your local Good Sports Representative or the Good Sports National Office if you need help to log in or have forgotten your login details).
- Ensure the club completes its incorporation paperwork (if applicable).
